

To United States Enrichment Corporation Employees:

The United States Enrichment Corporation (USEC) is pleased to present you with Your Book of Benefits. It provides an explanation of all the Company benefits that are available to you and your covered family members.

Inside, you'll find separate tabs for each of the plans included in Your Book of Benefits. Behind each tab is an updated summary of each specific benefit. As plans are changed or revised, you will be provided with a new detailed description to insert behind the appropriate tab.

Your Book of Benefits should be kept in a convenient location for easy reference when you or a family member has a benefit question.

We hope you'll find Your Book of Benefits a useful resource in understanding and using your Company Benefits.

Sincerely,

Hal C. Anderson
Director of Total Rewards
